

## **REMARKS**

Claims 6 and 7 are proposed for amendment herein. Claims 4-5 and 8-11 have been cancelled. Claims 6 and 7 are presently pending in the above-identified application. Amendments to the drawings and Specification are as set forth hereinabove.

### **Object to Disclosure**

The Office Action objected to the disclosure with respect to certain informalities regarding the description of FIG. 1A and FIG. 1B. Applicants have amended the "Brief Description of the Drawings" herein to separately describe each such Figure and request the withdrawal of this objection.

### **Allowable Subject Matter**

Applicants thank the Examiner for the indication (see, Office Action, page 3) that claim 6 would be allowable if rewritten in independent form including all the limitations of the base claim and any intervening claims. To that end, Applicants have amended and rewritten originally filed dependent claim 6 in independent form (including all the limitations of the base claim and any intervening claims) herein and respectfully submit that such pending independent claim is in condition for allowance. Further, as the amended dependent claim 7 herein contains all the limitations of the pending amended independent claim 6 from which it depends, Applicants respectfully submit that such dependent claim is also in condition for allowance.

In view of the above, and the Examiner's prior indication of allowable subject matter (as set forth above), it is respectfully submitted that each of the currently pending claims in the application is in condition for allowance.

Reconsideration and favorable action are respectfully requested. Should the Examiner believe anything further is desirable in order to place the application in even better condition for allowance, the Examiner is invited to contact the undersigned at the telephone number listed below.

Respectfully submitted,

Clyde George Bethea
